CHICKASAW TRIBAL LEGISLATURE

General Resolution Number 10-20

**Establishment of Tribal Properties Maintenance/Improvement
Program and Authorization for Expenditure of Funds**

Explanation: This resolution approves of the establishment of a tribal improvement program and for the authorization of the expenditure of up to \$100,000.00 in funds from the General Fund for the operation of the program. Many of our properties cannot be provided for under the indirect cost pool due to federal regulations regarding the use and expenditure of indirect cost funds. In order that our properties might be properly maintained and improved, there must be a system in place to provide the necessary services. This program will provide the maintenance and upkeep of tribal properties that are not provided for by the indirect cost funds.
