CHICKASAW TRIBAL LEGISLATURE
General Resolution Number 35-003
Approval of Development Budget Amendment
Pharmacy Building

Explanation: This resolution approves an amendment to the Development Budget for the Pharmacy Building, Project Number HDQ18900-ADA-HQ in the amount of \$19,919,286.00.

The Chickasaw Nation's existing Outpatient Pharmacy has reached its maximum capacity with prescription volume at 600,000 prescriptions yearly while projections indicate this will increase to 1,000,000 or more prescriptions within the first year of operation.

Pharmacy managed clinical services including the anticoagulation and lipid management clinics have also significantly increased in the same time frame with the implementation of new services.

The Pharmacy Building construction will be a two story facility, approximately 32,000 square foot, with a connecting corridor to the hospital. Additional expansion of services includes state of the art pharmacy robotics, software technology, pharmacy call center, as well as a four lane prescription drive-thru. Pharmacy managed health clinics will also expand including a planned hypertension, asthma, and immunization clinic.

New patient services within the outpatient pharmacy facility include the operation of a durable medical equipment (DME) supply center. The DME supply will introduce the convenience and efficient delivery of DME devices in a 4,000 square foot supply storage and store front.
